ABOUT US

In 2009, we embarked on this journey fueled by a deep passion. Our goal was not merely to create a brand but to craft a story that touches lives and adds meaning to them. Today, in our 17,500 m² facility equipped with state-of-the-art machinery and supported by a dedicated team who put their hearts into their work, we manufacture modular furniture of world-class quality. Beyond being a leader in the modular furniture sector in Turkey, we are proud of bringing hope, aesthetics, and comfort to every corner of the globe.

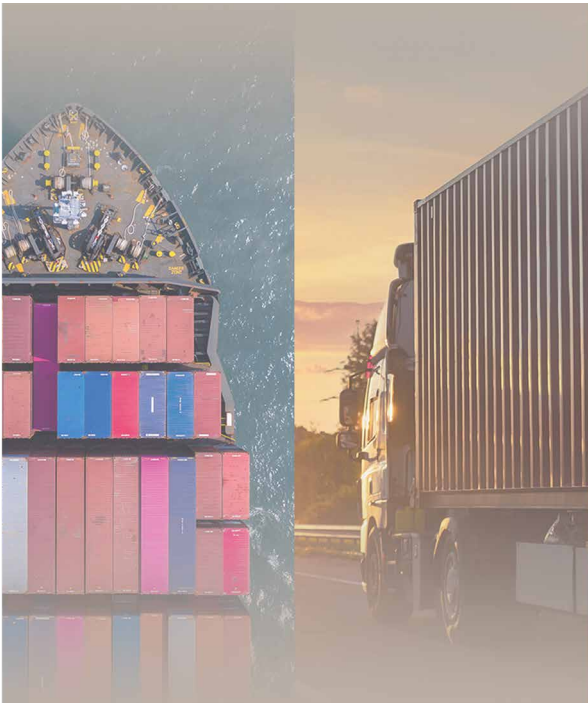

We are Bofigo... Every day, we work with the same enthusiasm and commitment as we did on our very first day, knowing that a home is more than just four walls. A home signifies warmth and happiness. Each piece of furniture we produce is not merely an item but a part of a story. We touch lives and enhance the quality of living for people around the world.

Over the years, the relationship we have built with our customers has evolved from just a business cooperation into a friendship. By attentively listening to their needs, understanding their expectations, and empathizing with their perspectives, we design products that are suitable for every culture and every home.

With our high production capacity, dedicated team of passionate colleagues, and the strong relationships we have built with our suppliers and customers, we continue to grow and evolve. Guided by our principles of trust, transparency, and responsibility, we firmly believe in building the future together with our stakeholders.

Receiving the “Golden Brand of Turkey” award in 2022, 2023, and 2024 is more than just an achievement for us; it is a proof of values we believe in. However, our greatest reward lies in bringing our philosophy of “Happy Employees, Happy Suppliers, Happy Customers” to life every single day.

Our belief is unshakeable, and our enthusiasm is boundless. On this journey, we start each new day with the same excitement, working together to shape a brighter future.

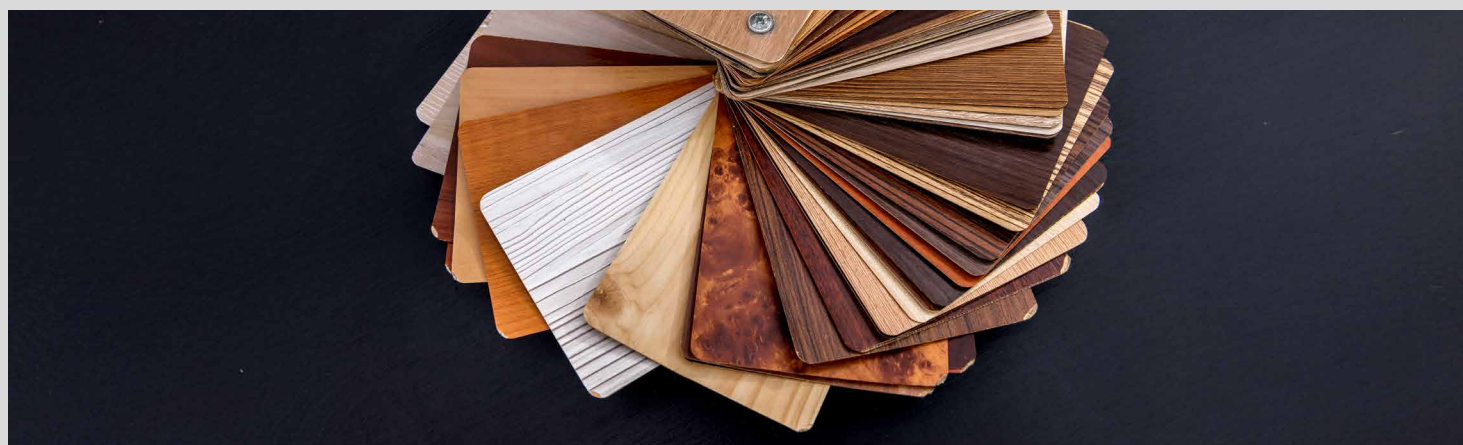

Bofigo's story extends across Turkey and reaches 50 countries worldwide.

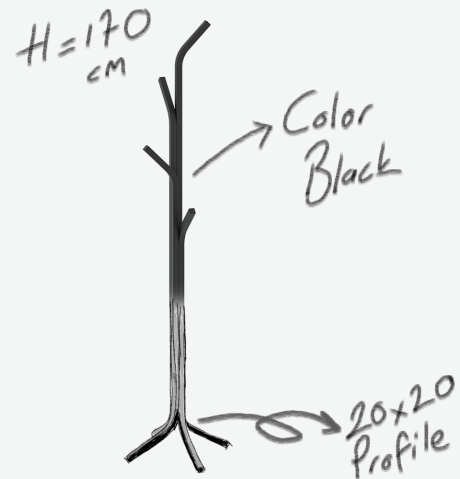

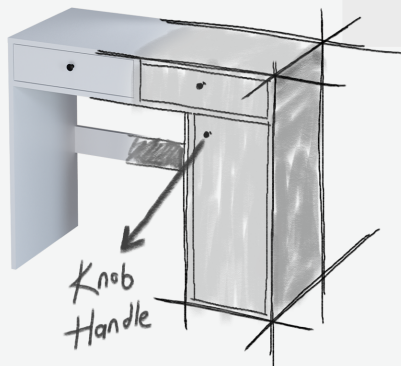

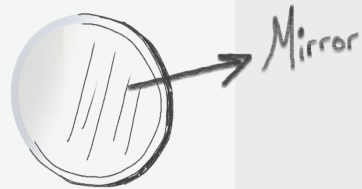

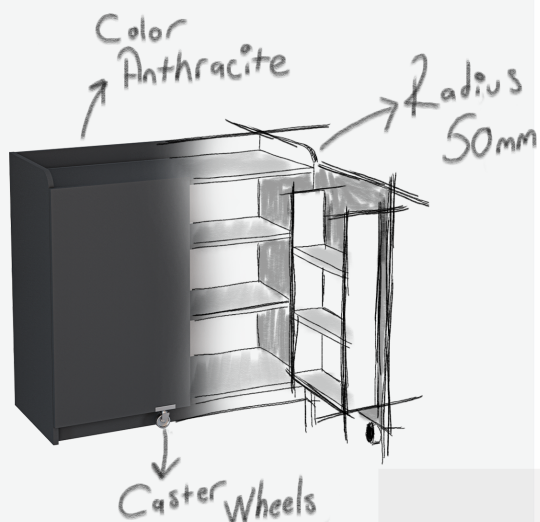

Our furniture reaches people on every continent, leaving a lasting global impact.

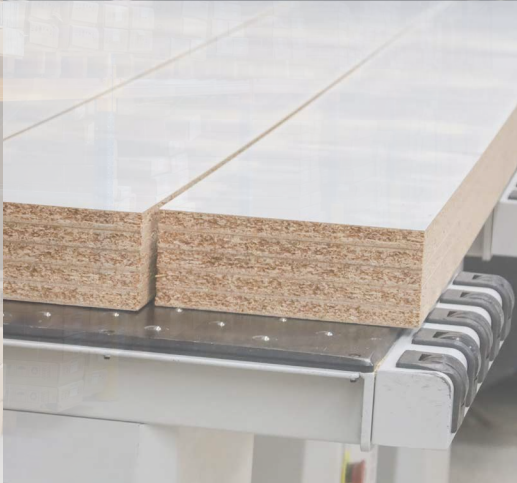

The quality we present and the awards we earn continue to strengthen our global presence each day.

Bofigo's journey tells a story of passion that is beyond the limits.
